

Dear, A Plus Lawn and Landscape, Inc.

I want to send a message complimenting the excellent service we have received here at Fifth Third Bank from your company. I never have to go home at night during the winter and worry about if the sidewalks will be free from snow, sleet or ice the next morning before we arrive back to work. Your company is always here before we come in to make sure the sidewalks and parking lot are safe and free from ice. If the weather is occurring during the work day the guys show up sometimes two or three times during the day to maintain clear pavements and sidewalks. I appreciate this type of service and would recommend your company to anyone.
