August 20, 2008

Dear John,

I would like to thank you, Chris and your team at A Plus Lawn & Landscape for the great job you have done in improving and maintaining the grounds at Ashwood Place. Our property has never looked better! Your interest and pride in how our community looks is the extra mile that makes Ashwood Place look amazing. I personally wish to thank you for your rapid response to the extra problems that arise. It makes pleasing many people quickly a much easier job. I look forward to working with you and your team on our future projects. Thank you once again for making Ashwood Place a beautiful place to live and work.

Sincerely yours,

Cathy A. Moore  
Executive Director
