John

A little letter to thank you for the outstanding service provided last year. The landscaping looks great and is beautiful. We now have grass in an area that has been a problem over the last several years. Other companies tried but had no luck in getting the grass to grow but whatever your crew did worked.

We have been pleased with the service received and with the professionalism of Chris, Jesse, and Woody. Whether it was mowing, getting leaves up, or applying chemicals they were fast and efficient in getting it done. They have been great to work with.

We are looking forward to another year of excellent service and a continued relationship with you, Chris, Jesse, and Woody.

Bob and Wanda Roquemore
